## 'Conflict' Controversy Tabled 2nd Time By Board Of Selectmen

### Presents Petition - -

JOHN REARDON is shown above presenting Chairman John Bullock with a petition signed by over 1400 residents of Arlington, at the meeting on Monday night of the Board of Selectmen. The petition supports Bullock's proposal to change the designation of the Board from "special" to "regular," under the provisions of the "conflict of interest law."

### Lack Of Candidates

According to information released by Town Clerk Ann Mahon this week, less than two weeks prior to the final date and hour for filing all nomination papers, there were 150 announced candidates for the 176 town meeting member vacancies to be filled by ballot at the coming annual Town Election to be held on Saturday, March 6. Included among these candidates were 109 candidates for re-election.

Following is the breakdown, by precincts, of the vacancies and announced candidates:

PRECINCT	VACANCIES	ANNOUNCED CANDIDATES
* 1	12 to be elected	6
2	6 for 3 years	5
	2 for 2 years	0
	1 for 1 year	1
* 3	9 to be elected	9
* 4	15 to be elected	11
5	7 for 3 years	7
	1 for 1 year	0
* 6	12 to be elected	11
* 7	12 to be elected	8
* 8	5 for 3 years	5
* 9	21 to be elected	15
10	5 for 3 years	5
	1 for 1 year	1
* 11	27 to be elected	28
12	6 for 3 years	5
	1 for 1 year	0
13	6 for 3 years	8
* 14	27 to be elected	25

\* In Precincts 1, 3, 4, 6, 7, 9, 11 and 14 the terms of all present elected town meeting members are to expire, due to re-districting. Of the number to be elected in each such precinct, the first third in the order of votes received shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year.

Members of Arlington's Board of Selectmen came to an impasse at the meeting on Monday night when the motion by Selectman John A. Bilafer to change the Board's present classification of "special" to "regular" under the "conflict of interest" law, was tabled after lengthy and at times heated discussion.

This was the second consecutive week that Bilafer has made the same motion. For the second time, Selectman Kevin Feeley requested that the motion be tabled. Feeley stated that he needs additional time to make inquiries of the Attorney General and to study a copy of new legislation covering the "conflict" issue.

**To Keep Separate**

When Chairman John Bullock brought up item No. 17 on the agenda, he stated that since he wanted to keep the two issues separate he preferred to postpone comments on his proposal of a "Blue Ribbon" committee to study the matter until later. He opened the discussion on the motion by Selectman Bilafer to "rescind the vote of the previous Board which designated the Selectmen as 'special' employees."

Interested spectators had filled all available seats and were overflowing into the corridor as the meeting progressed.

As spokesman for those concerned with the "conflict" controversy, John Reardon asked permission to speak.

**1,400 Signatures**

Reardon stated that he had obtained signatures of over 1,400 registered voters of the Town who were in favor of a reclassification of the members of the Board of Selectmen as "regular" instead of "special" employees.

He emphasized that it was the feeling of those who had signed the petition that the "special" designation left the members open to unnecessary and unwarranted criticism. He also stated that this presentation of signatures was the first of several in circulation. In presenting it to Bullock, he said that more would follow.

**Asks Professor**

Selectman Bilafer then stated that he had called the Harvard professor referred to during the meeting last week and asked him his opinion of the "conflict" law which was co-sponsored by the Attorney General and Cornelius Kiernan of Lowell.

According to Bilafer, the professor stated that in his opinion the law was a "good one" and also indicated preference that Selectmen be

MEMBERS OF THE Board of Selectmen discussed at length the "pros" and "cons" of changing the present designation of the Board under the "conflict of interest" law. Shown above, l. to r., are John A. Bilafer, Joseph Greeley and John Bullock, during the discussion.

## Back To Single Session

It was voted at the meeting of the School Committee on Monday night that Arlington High School will go back on the single session routine as of Monday, Feb. 1.

The "two-platoon" system has been in effect since Sept. with sophomores, juniors and seniors attending morning sessions and the freshmen attending the afternoon sessions.

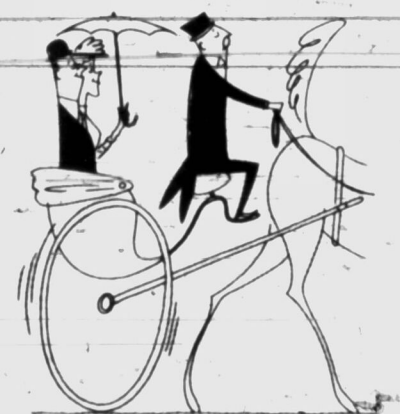

The School committee also announced that dismissal time will be the same as in previous years but classes will be

gin at 8 a.m. instead of 8:30 a.m. Also, periods will be 45 minutes in length instead of 45 minutes. The new arrangement eliminates a loss of one half hour when students reported to homerooms at 8 a.m. before going to the first class at 8:30 a.m.

Also discussed at the meeting was the possibility of a longer school day to commence next September. There were two plans proposed.

One plan includes seven 45 minute periods and the other outlines six periods of one hour each. The discussion revolved around the possibility of students being able to take more subjects.

The faculty survey committee submitted the plans and the matter will be brought before the entire faculty before a decision is reached.

## Two Families Homeless

Firemen fought a stubborn blaze when fire broke out late yesterday afternoon in a two-apartment wooden frame building at 172-174 Park ave. All occupants were safely evacuated.

Fire officials report that the first alarm sounded at 4:38 p.m. with a second alarm at 4:50 p.m. It was 7:41 before the all-clear. The three-hour interval involved considerable clean-up work after the fire was out.

The first floor is occupied by the Edward Keating family and the second floor by Robert Carter. The fire, according to the fire officials, broke out on the second floor, went through the stairway and to the attic.

Disaster Chairman Kenneth Cameron responded to the two-alarm blaze with the local Red Cross facilities. The communicating system, under Dick Walsh, was in contact with the Boston-Red Cross. A truck was sent from Boston and provided for the immediate needs of the families as far as housing and clothing was concerned. They also served bouillon to the firefighters.

## MDC Plans Sewer Line

Town Engineer W. H. Roby has reported to Town Manager Edward C. Monahan that a copy of the M.D.C. "taking plan" for the relief sewer from Mill Brook at the Mystic Valley Parkway to west of Mystic st., has been received.

According to the report, an area of 13,801 sq. ft. will be taken from the Meadow Brook Park property. Takings vary in width from about 25 ft. at Mill Brook to 0 at the division line between the Park and Cemetery properties. Also indicated is an additional slope easement of 17.5 ft. in width on the Park side.

The pipe will be laid at a grade approximately level with the existing Mill Brook sewer line. This requires the invert of the new line to be level with the roadway of Mystic Valley Parkway in the vicinity of the Park property. Also necessary will be a berm to be built over the pipe to a height of 8 ft., above the roadway grade, with slopes on each side.

Roby stated in his report that after a study of the situation, it is his opinion that the benefits to be derived from the relief sewer far outweigh the possibility of inconvenience of the proposed berm.

## Proper Concern For Youth

Arlington is indeed fortunate to have a group of citizens dedicated to our youth and the guideposts and opportunities for development which are the moral duties of adults to provide during the most important formative years.

We refer to the Arlington Youth Council which has been performing a vital function within the community for several years and which now has reorganized with the title of Arlington Citizens for Youth, a most apt choice of words.

Numbered among members of the group are both professional and non-professional adults, all working toward one goal, — to provide a wholesome atmosphere for our young people with emphasis on a combination of adult guidance and a "do-it-yourself" effort by youth.

The results of the efforts of this group have been evident both by the response from our youth and by the multitudinous words of praise from youth leaders and

parents throughout the State. Arlington has been extolled repeatedly for the methods and manner used to guide the younger set, during what could indeed be called the most vulnerable period of their lives.

Continuing work by the Citizens for Youth has been pledged and continued success will require perhaps more than ever, the interest and cooperation of the parents of the Town. We do not feel that any parent or set of parents should feel outside the general problem if they have no difficulties within their own family.

This is a time of tension, of forces far different than any other era, of freedoms given and expected by a society which appears to control our very moral concepts, and of generation of parents unknowingly misled into what has been called "permissiveness".

Within the structure of the reorganized Citizens for Youth are the following objectives:

- To emphasize the responsibilities of parents, teachers, clergy, and the community for the mental, physical, spiritual, moral and social growth of children and youth of this community.
- To review all youth ac-

- tivities and programs which are presently sponsored by various organizations, agencies and municipal departments in Arlington and to make recommendations where necessary to provide more opportunities for youth.
- To effect maximum utilization of all existing facilities available to the youth of Arlington and to be alert to the need for new facilities.
- To consider appropriate action for any problems relating to youth.

To sum up a subject which could cover pages, all parents, without being over-protective or over-permissive, should

follow the lead of our Citizens for Youth and demonstrate a proper concern for our youth.

To the editor,

All but your most recent subscribers will remember Arthur Saul's excellent, even dedicated, service to the town during his several years as Selectman. They may have been as pleased as I am at recent reports and rumors that he may be persuaded to run again.

His narrow defeat last year was a disappointment to his friends (not all of whom perhaps put that extra little bit of effort into helping him to win).

If this public-spirited (but busy) man consents to run this year, as the reported petitioners have apparently asked him to, he deserves the support of everyone interested in responsible town government.

## That Man About Town

By MAT

It's preposterous because it happens every year! According to Town Clerk Ann Mahon, there are this year only 150 candidates for 176 openings for Town Meeting member.

To repeat and repeat (ad nauseam) (vomit) the Town Meeting, only, must approve every single dime of the millions spent by the Town each year. And we mean dime. We have often witnessed the Meeting held up for 20 minutes, arguing whether a new typewriter for a town hall office should cost \$99.75 or \$97.95. (And, what about the trade-in value!)

Too many of us are cowards, individually. Few have the courage to stand up on the floor of the Town Meeting and argue, or to be counted in a roll call. But, when the tax bill arrives, they yell well, collectively.

And, don't think for a second that those figures of 150 and 176 are not being carefully scrutinized by man town employees, politicians and the self-interested. It is pretty easy to swing a Meeting with 26 "hand picked" votes — members who are "dedicated" (or instructed) to a certain cause.

There was a former resident of about 12 years ago — as we recall it, his name was Brosnan — who interested himself as a member of the now defunct Citizens Committee. He saw to it that every vacant spot was challenged. We miss him. Today, people "win" to the highest office in the Town, because of no contest.

We suggest that the Arlington League of Women

Voters should take on this important task. Since men don't care anymore, we've got to leave it to the girls. Oh, we know, the League cannot become involved in politics as to individual candidates by its charter — only issues. But, after all, is not the lack of candidates for Town Meeting membership an issue?

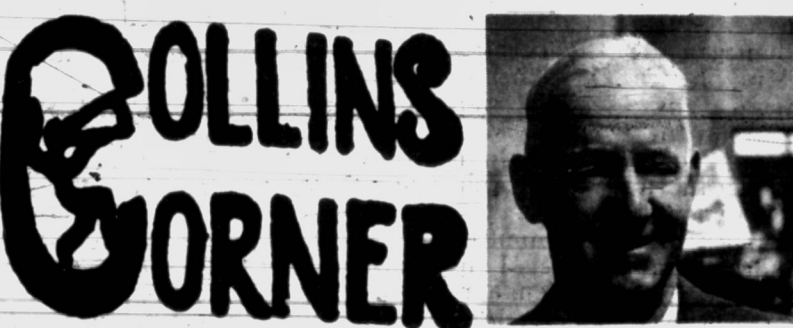

Because of the large number of signatures petitioning him to do so, Arthur Saul will seek to re-claim his seat on the Board of Selectmen. He comes up against a rugged man, incumbent John Bullock.

Bullock waged a fantastic campaign three years ago. Running for the 1st time, he trounced (with 4003 votes) Barnstead 3267, Kent 1220, Cammarata 1220, Rawson 1061, Bergstrom 123.

Undoubtedly, Saul is going to get support in all quarters — which he did not have one year ago. Those signatures prove this. His surprising defeat was much like that of Winston Churchill right after World War II, on a much smaller scale of course.

We read that the Selectmen are having quite a conflict over the "conflict" law. Many feel that this sudden interest in the subject by Chairman Bullock and Member Billafer has a strong political flavor.

Naturally, if the Selectmen refuse to vote themselves "regular" rather than their present "special" classification, this will be a major issue in the Bullock vs Saul campaign. Many feel that, under this condition, Bullock would lose and he knows it.

The visiting "native" walked up Mystic st., and paused before he entered his car, and cast a nostalgic look down Mass. ave. to Medford st. His mind went back to the days he attended the Russell school.

Over there, he said, at the corner of Mystic st., was Charlie Grossmith's Drug store; there was Smith Jeweler, Jimmy Underwood's sporting goods place, "the Chinaman", Angelo Caterino's fruit stand, Bowman the Tailor, Whytal's market, Central Dry Goods store, E. E. Upham's market and R. W. Shattuck's Hardware store, with the K. of C. Hall upstairs.

Also, he recalled the little driveway that led down to the Parris home, near the side entrance of the Russell school, where one of the finest boys and athletes in the Town's history lived. — Charlie Parris, who died an untimely death while a senior at the High school.

And then, he rambled on, there was Duffy's barber shop, where the "neat came to bleat". Nearby, upstairs, was Lt. "Oakie" Toomey's Dad's tonsorial parlor, who had a slogan "walk up one flight and get clipped".

Just a few doors down was the P. T. Hendrick's shoe store, where thousands of future citizens were shod with boots and rubbers. At one time, he was on the other side of the street, which in retail circles is known as the shady side, and his ads in the papers read "the right store on the wrong side".

And then, he said, that building was the Masonic block, and around the corner was Hartwell's Undertaking parlor and Marston's Grocery store. And, a few years later, about where the Regent Theatre is now, was one of the Ginter Stores, just behind the Cooper tavern, where W. W. Rawson had a flower and seed shop.

And, down the avenue a bit, was the Grannan Undertaking establishment, the Arlington Advocate; and, along with R. W. Shattuck they are all still in business. And, across from Medford st., was where Harvey Giles sharpened skates for most of the kids in town, with a 5 cent extra charge for an oil finish. And, "Skudgy" the barber, Gott's wagon building plant, Jesse Patten's Fish market, the auditorium upstairs in the Swan Block, the "Dog Cart," (a nice place to meet, for the youth of the town), Rube LeBaro's Electrical store, Wetherbee's bicycle shop, and automobile garage.

Also, he remembered that while attending a lawn party at Lawrence Field next to the Mt. Pleasant cemetery (where Sherborn st. is now) he paid 5 cents for his first auto ride in Wetherbee's touring car, and went up Medford st., to Mass. ave., down Mystic over Chestnut and back to the field. One of the great thrills of his life, but tells the story very seldom, because today folks give him that "funny" look.

And, before getting into his own car, he mentioned

At one time it was the home of the First National, the Arlington Co-Operative, and the Five Cents Savings Banks, and two of these are in new homes. The Co-Operative is up at the corner of Court st. and the Arlington National became the Merofomv Trust, and is now the Harvard Trust, and is across the street near where W. W. ### FIRST BAPTIST CHURCH

Rev. Dr. Paul L. Sturges will be speaker Sunday evening, Jan. 24 at 7:30 p.m. at the First Baptist church.

This meeting was postponed last Sunday because of the stormy weather.

A two-week course updating Metropolitan District Police on the latest techniques in law enforcement has been completed by officers Richard P. Bishop, 151 Wollaston ave.; and Jerome J. Riccio, 11 Newport st.

### Two Injured

Postmaster Ephraim Martin has requested the public to help prevent accidents to letter carriers by clearing and sanding their walks and stairs leading to their homes or places of business.

He went on to note that in 1964, 119 carriers in the Boston Postal District were injured by falls, mostly during the winter months.

This paper has learned that two Arlington carriers John Zucanska and Vincent Forte were injured in falls last weekend.

MILLER and REDDON,

2089 Mass. Ave. KI 7-8651

To the editor,  
 A few months ago it was brought to our attention that there was a heating problem at the Police School.

The parents and members of the P.T.A. then decided to do something about it and formed a heating committee.

They discussed it with the School Committee and Dr. Bert Roens. Dr. Roens studied this problem, had it investigated and found it was caused by human error.

The situation has now been alleviated and I would like to thank Mr. Monahan, Dr. Roens, the School Committee and Mr. Frank Campobasso, the school custodian, for their conscientious and diligent work. It is comforting to know that when community problems arise, we have Town Officials who will listen to and cooperate with the taxpayers.

It is too bad that a few people are not yet satisfied but there again, is the human factor.

Again, I say, thank you for a fine job.

Very truly yours,  
 Lawrence Routenberg

**Announces Candidacy**

Bernard A. Forest of 22 Robbins rd. has announced his candidacy for the School Committee in Arlington.

He made the following statement this week:

"As we move into the space age the entire spectrum of American life is changing rapidly; we are experiencing social, economic, and technological revolution.

"Clearly, there must be a concerted effort to solidify the foundations of our educational system. President Johnson has recently outlined a massive attack on the problems of education on the national level. You, the voters of Arlington, have the responsibility at the local level. You must elect a forward-looking, experienced School Committee."

"In presenting myself to you as a candidate for School Committee I bring to you the following professional experience:

—fourteen years as an Assistant Professor of Mathematics at Boston University.

—for the past four years, I have been an aerospace systems analyst with the Mitre Corporation in Bedford.

—continuing my interest in education, I have recently accepted an appointment as Lecturer in Mathematics at Northeastern University's Burlington campus.

"In addition, my community experience includes: six years as a Town Meeting member from precinct 12; twelve years in P.T.A. work; the last two years as President of the West Junior High School P.T.A."

Having served on your School Committee during the years 1957-1960, I understand the job. I welcome the opportunity to serve you again."

**Candidate**

John P. Morine, 12 Frost street, this week announced his candidacy for re-election to the School Committee.

Mr. Morine is Senior Supervisor of Vocational Guidance at the State Department of Education, a lecturer of education at Tufts University Graduate School, Northeastern University summer Graduate School of Education, and Fitchburg State College.

Mr. Morine was a Town Meeting member for twelve years from Precincts one and nine, was a member of the Hardy, Bishop and High School addition building committees, and has been elected to the School Committee nine times.

In a cautioning report to the selectmen last week, Youth Services Director Arthur Johnson pointed out that Arlington is mentioned "in the top strata of communities because of the operation and rating of the school system" among other factors. His caution is that a complacent "hurrah for us" could let us slip from the top. Mr. Morine feels that retaining the school committee members who helped make the top rating possible, should be of interest to all citizens — parents, businessmen, and taxpayers.

Mr. Morine has three sons, two of whom graduated from Arlington High School. One has graduated from Tufts University and the other is a junior at Amherst College. A third son is in the Junior High School East.

To the editor:  
 Reading Constance P. Ferrante's announcement of her candidacy for School Committee in your January 14, 1965 edition, I must admire her for the fine work she has done in our town, and most of all I will never forget Constance Ferrante's last two paragraphs short but how true.

"Our youth is our most precious asset, our hope for the future, and as such we must provide for them today."

Let us move forward together and fulfill these aims.

I could feel the warmth and devotion Connie has for our people and most of all our children.

I feel Constance Ferrante is the greatest asset to our town and will be to our School Committee.

**GBI SCHEDULE**

The GBI hockey game scheduled between Arlington-Somerville Saturday afternoon as well as all the games in the GBI league were called off because of the cold weather and the threat of a heavy snow storm.

This is not the first time it has been necessary to call games as it was done several years ago according to Faculty Manager Bill Lowder.

When Tom O'Connor was president of the league he ordered the games postponed under similar conditions.

Tom, the Medford High Faculty Manager lives here in Arlington on Beverly rd. No date has been set to play the game. Arlington will face Kindge this Saturday.

Mrs. Joseph Montle is program chairman.

"The strength you acquire through confidence can be lost rapidly through conceit," —William L. Zeigler, New Oxford (Pa.) Item.

## Conflict—

(Continued from Page 1)

named as "regular" employees since they are the "classifying authority".

Chairman Bullock commented that he was in favor of Balafer's motion and that he could see no possible reason whereby such action could hurt the Town. He stated that the personalities should be left out and the issue should be considered on the basis of "the good of the Town."

## Why Not Before?

Selectman Joseph Greeley made the point that under the law, there are provisions to punish anyone found guilty. He also commented that since the Board had waited for three years that it seemed reasonable to wait for the new legislation to be either passed or defeated. He asked why the matter wasn't brought up a year ago?

Balafer replied that he didn't have an answer to that but since it was before the Board now, action should be taken.

Bullock repeated his contention that in his opinion the issue was clear, "there is no reason not to change". Greeley asked if there was a feeling that some member of the Board was hiding something and Bullock replied that he did not.

Selectman Horace Homer asked about the classification of other Town employees and if the Selectmen are "different" than the School Committee and others.

## Board Was "Wrong"

Bullock interrupted to reiterate, "There has not been brought before this board any reason why we should not change".

Homer asked if this discussion meant that the previous Board was "wrong", and Bullock answered, "Yes, in my opinion".

Greeley then asked what the motion was and what was the discussion and Bullock read the motion.

Selectman Kevin Feeley stated that there is a new bill which if passed will effect the classification of municipal employees. He continued that the Attorney General realized that the matter was a "hot political issue" and could not give "carte blanche" because of the difference in size and functions of Boards.

After Feeley's explanation of the interpretation of the original law, Bullock again stated, "You still have given no reason for us not to be 'regular' employees."

## Public Confidence

A spectator, Frank Powers, asked to be heard and stated that in his opinion the issue involved "public confidence" and substantiated his remarks by referring to the Federal Government's handling of the matter by requiring Cabinet members to divest themselves of holdings in companies which did business with the Government.

The point of eliminating potential candidates was discussed and Bullock made the point that if some 100-200 persons were lost, the Town would not really suffer.

Homer brought up the fact that it would have been easier for the previous Board to vote itself "regular" but felt that they would deprive some persons the opportunity to run for office.

Bullock stated that he felt that this type of discussion was "beating around the bush".

## Asks More Time

Feeley asked that the motion be tabled since he needed more time to make a decision. Bullock asked him how long he would take, and stated it seemed reasonable that next week be the limit of postponement.

Feeley replied that he would not be "buffaloed" into a hasty decision. He cited three reasons for his reluctance to vote at this time; unpreparedness, pending action of the legislature and the time of the year the matter was brought up.

After further discussion, Feeley agreed to come to a decision next week and the motion was tabled.

## L.W.V. Plan Panel

The Arlington League of Women Voters will hold a panel discussion on bills of interest to the League, coming before the 1935 State Legislature on Monday, Jan. 25, at the Pleasant street Congregational church from 9:30 a.m. to 11:30 a.m.

Mrs. Kenneth C. Spengler will speak on education; Mrs. R. Victor Jones on structure of government; Mrs. A. Henry Ottoson on civil service; Mrs. Chester F. Protheroe on correctional system; Mrs. George D. Blackwood on fiscal policies and Mrs. Melvin Levin on regional planning.

## Adult Education Notes

A GREAT BOOKS group is shown above participating in an informal discussion at the Arlington High school. This is one of the classes under the Adult Education program.

The Department of Adult Education of the Arlington Public school system has sponsored a Great Books Discussion group as part of the Adult Education Program for the past two years. This informal "gathering of adults" meets every two weeks at basic problems and issues and whose challenging ideas have become part of our heritage and culture.

Using the Socratic method of seeking meaning and validity through exchange of ideas with fellow members, the books are the teachers; the participants "Think for themselves."

This program of adult liberal education is sponsored by a non-profit organization, The Great Books Foundation, who offer a list of readings, trains volunteer leaders in the method of stimulating discussion through questions, and assists local sponsors in promoting this form of liberal adult education in the community.

At the present time, there are over 45 Great Books discussion groups active in the Metropolitan Boston area and approximately 3,000 groups throughout the United States. The Foundation has recently introduced a Junior Great Books discussion program for school children with reading lists available for those in the

## Residents Cannot Understand Board's Position On Street Acceptance

At No. 18 Cherokee Rd. - -

At No. 3 Cherokee Rd. - -

A group of residents on Cherokee rd. (in the Morningside area) is striving to have this private way accepted by the Town as a public road. While there is opposition from some abutters, the proponents feel that they have a clear-cut majority in favor of the request, particularly for a shorter segment of the street.

Recently, the Board of Selectmen denied the petition. Leader for the proponents is Dr. Bruce D. Wedlock, 22 Cherokee rd. His appeal "to the editor" and chronological account follows:

To the editor,  
I understand that you have expressed some interest in the situation surrounding the decision of the Board of Selectmen not to recommend Cherokee Road for construction and acceptance by the town. In order that you will have a clear picture of the events surrounding this decision, I will try to list the factual events as they took place.

Summer, 1963: My next door neighbors and I began to realize that Cherokee rd., was beginning to deteriorate and we informally discussed the idea of asking the town to reconstruct and accept the street. The main points of argument in favor of this action are as follows:

(a) The surface was beginning to crack badly and repeated freezing and thawing was forcing large rocks to the surface causing large bumps.

(b) The street has no crown or grade and hence the drainage is extremely poor. In summer, this results in large puddles and in winter slush remains for an unnecessary length of time, often freezing into ruts. The poor surface prevents plowing the snow close to the road surface.

(c) There is a serious safety problem in that the long-standing puddles attract numerous small children to play in the street after a summer rain, and the bumps and holes present hazards to older ones on bicycles.

(d) There is a depression of property values on Cherokee Road due to the poor condition of the street. Access to Cherokee Road is gained via Old Colony rd., Old Middlesex path, Longmeadow rd., Ovelook rd., and Ridge st. The first four are accepted streets in excellent condition. The surfaces are smooth, well drained, and the properties are edged with granite curbing. Ridge st., north of Longmeadow rd. is also an accepted street, built very recently. The section of Ridge, from Longmeadow to Cherokee, is in very poor condition. It has considerable grade so that drainage is not a problem, but there are several bad potholes. If anything, this only serves to draw the attention of a visitor or potential buyer to the condition of the street as he enters Cherokee rd. Thus, as one enters Cherokee, he comes from a street with an excellent surface and granite curbs to a street which is very bumpy and raggedly edged. The first, and lasting, impression of the property on Cherokee is that it's not quite as nice as on the adjoining streets.

(e) I would like to add that an indeterminate amount of the poor surface condition described in (a) was caused at the time Old Colony was constructed and accepted, several years ago. At that time the presence of ledge in Old Colony prevented the installation of the storm sewer under that street. The town, alternately completed the storm sewer for Old Colony by running it down Cherokee. The result was that the heavy equipment used crushed Cherokee in several places, allowing water to seep under the street. Presently, some of the worst spots, including some beginning cave-ins, are immediately adjacent to the

patch in the street over the storm sewer.

Sept., 1963: In view of the conditions outlined above, my neighbors and I submitted the standard petition to the Selectmen, requesting that they consider constructing and accepting Cherokee Road. Unfortunately, we missed by a few days deadline for the 1964 Street Program.

Nov. 18, 1964: The Street Hearing was held. All of the interested property owners were present. I outlined to the Board the points in favor of acceptance as described above. The vote was 8-7 in favor for the entire street and 7-4 in favor of the section from Old Middlesex to Old Colony.

Nov. 23, 1964: The Board moved to table their decision on Cherokee Road. Later that week, I called Chairman Bullock to determine the reason for this action. He stated that there had been several vote changes since the Street Hearing and the Board wanted to see how the vote finally settled between the case for the whole street and the shorter section. I challenged Mr. Bullock regarding any changes from yes to no, since I was sure that all those voting yes were strongly in favor. He replied that there definitely had been vote changes both ways.

Nov. 30, 1964: My wife and I attended the meeting of the Board to find out what was going on. Several streets were given brief discussion and then passed on the basis of the Street Hearing vote. When Cherokee was brought up, I asked about the vote changes. Mr. Nicksay replied that there had been none. I again spoke in favor of accepting the street and displayed some photographs I had prepared to illustrate my main points. When I had finished, Mr. Bullock stated that he believed that there were some others coming to speak against acceptance and he felt that they should be heard. The next order of business was then taken up. My wife and I remained for the rest of the meeting to see who was coming to speak against. No one appeared, and the Board went into executive session. As we left the Board Room I asked Mrs. March of the Advocate

#### Winter Care of Pets

Capt. Robert J. Murray, chief agent of the Mass. S.P.C.A., today offered suggestions for your pet's care and comfort during the winter months.

If your dog lives out of doors, his house should be tight, free from drafts and have a bed of clean cedar shavings. For the winter months, the dog house should be located in a sheltered, sunny area with the door facing to the south.

Extra fat, such as beef suet, meat or bacon drippings should be added to the dog's diet during the cold months.

At any time the highway has been heavily sanded, Capt. Murray recommends that you wash the irritating salt and sand from your pet's feet immediately after heavy snow storms, most animals travel in the plowed road ways and stand a good chance of getting hit by a car or causing an auto accident. As a safety precaution, restrain your dog at this time.

If your pet is now old and arthritic and no longer very active out of doors, make sure that it does not have to remain in the cold for very long. Nor should an arthritic pet have to wade through deep snow. Any of the delicate toy breeds or short-coated dogs may benefit from a light dog coat in extremely cold weather.

Because of the dangers to both dogs and children, keep your dog home when children go skating, skiing or coasting. Dogs and children, too, can be seriously injured if there is a collision between them.

## ACH Girls Tip Newton 31-11

The Arlington high school girls' hoop team jumped off to a 12-6 first period lead and then rolled to a 31-11 win over Newton South last week.

Barbara Arena and Susan Clarke paced the Arlington scorers with nine points each, while Judy Rizzo added six to the total.

Arlington wrapped up the verdict with a big first period in which Miss Arena, Miss Clarke and Miss Rizzo each tallied four points.

Taking a leaf from the book of the Celtics, the girls put on a tremendous defensive display allowing the losers but three baskets from the floor.

Neither team took advantage of the 42 fouls called throughout the contest. Arlington hit but nine of 21 and Newton five of 21.

After taking the big first period lead Arlington blanked Newton in the second period, while scoring but three times on their own. The winners outscored the losers 11-4 and 5-1 in the third and fourth periods.

Females hold about four of each 10 driver's licenses in the United States, the ALA says.

The first U.S. President to ride to his inauguration in an automobile was Warren G. Harding on March 4, 1921, according to the ALA. Harding was not the first President to ride in an automobile, however, President McKinley had that honor in 1900.

## Gym Team

The newly formed Arlington High Gym Team led by Captain Bob Pochini who scored a 6:0 in winning first place on the high bar, defeated Weymouth in a dual meet at their gym recently.

For the second time, junior Dave Sullivan scored the most points for Arlington, winning the long horse vaulting, and placing second in floor exercise and tumbling.

Other Arlington winners included Paul Kelley on the side horse, Gregg Davis on the parallel bars and Russell Haglund on the still rings.

## The Summary

## GBARC Fund Drive

The activities of the Retarded Children's drive were discussed at the January meeting. Bottom Row: Mrs. Joseph Buonomo, chairman of Merchants and Business Committee; Mrs. Joseph King, chairman of Friends and Neighbors Committee; and Mrs. David Hughes, chairman of Special Events Committee. Middle Row: Mrs. Vincent Cacciamani, secretary-treasurer of the Chapter; Mrs. Emmanuel Lembidakis, chairman of Publicity and co-chairman of P.T.A. Committee; Mrs. Albert Porteus, member of School Committee. Top Row: Frank Donnelly, Fund Drive Chairman; William Miller, chairman of Clubs and Organizations; Emmanuel Lembidakis, Assistant Fund Drive Chairman; and Joseph Buonomo, chairman of Membership Committee. Other committee chairmen not pictured above are: Charles Nugent, professionals, John Lennon, Cannisters, and James Darba, member of Friends and Neighbors Committee.

Although more fund activity is taking place during the month of January, with numerous donations scheduled to be made, the bulk of the fund drive money is in and the reports are gratifying to all who have worked so faithfully and untrillingly in helping the retarded children of our town.

The January meeting of the Arlington Chapter of the Greater Boston Association for Retarded Children was devoted to a general discussion of the entire fund drive activities.

Frank Donnelly, Fund Drive Chairman, and Emmanuel Lembidakis, assistant Fund Drive chairman, presented the reports of the various committees which have been functioning for the Fund Drive.

Mrs. Vincent Cacciamani, secretary-treasurer of the Arlington Chapter was moderator for the discussion. The discussion offered many suggestions and ways of improving the fund drive efforts.

The donations received from the Clubs and Organizations, Businesses, and professionals of our town have been wonderful. The generosity and interest of these people and the many others who contributed to the drive make the job ahead that much easier. The response from the general public has also been generous for the returns from the Cannisters revealed a 2% increase over last year's collection.

It has not been a concentrated door-to-door drive this year, the money received are obtained mostly through special gifts or scholarship donations.

## Your PHARMACIST SPEAKS

By Hugo A. Greco, R.Ph.

Barbiturates—the synthetic lullabies—were first made in 1903 by Dr. Josef von Nering, physiologist at the University of Halle. Perhaps 2,500 or more different varieties have been made at one time or another, although the number in use today is about 50 of the "all" ending sleep inducers, such as amytal, barbital, luminal and nembutal.

Although barbiturates produce a dreamless, restful sleep, some people are allergic to the "all" preparations and, further, because they tend to interfere with the normal chemistry of nerve cells, it is understandable why they are sold legally only when prescribed.

Which reminds us—wide-awake folks will discover a prompt prescription service at RAWSON PHARMACY, 201 BROADWAY, ARLINGTON. PHONE: MISSION 8-1991. 24-HOUR PRESCRIPTION SERVICE. FREE DELIVERY.

THIS WEEK'S HOUSEHOLD HINT: When watering household plants, try adding a small amount of milk each week, particularly when the weather is cold.

## Tom Dooley Youth League

Last week a check for \$450 was sent by the teen-age Tom Dooley Youth Leaguers of Arlington to aid a teaching program for Tibetan refugees in Mussoorie, India. Local youth raised this money over the past few months by car washes, dances and b.e. sale.

More than 100,000 Tibetans have fled their native land into India because of Communist aggression. A promise made to the Dalai Lama of Tibet by the late Dr. Thomas A. Dooley that medical aid would be sent to the refugees has been kept by the Thomas A. Dooley Foundation. A mobile medical-surgical van now operates in this area. The Arlington Youth Group hoped to save enough money to send a teen-trailer dispensary—much needed by these wandering people as a gift from the Youth of Mass.

At Christmas, a plea for help came from a teaching program that the Foundation supports in Mussoorie and the young people responded by turning half of their savings for this request.

Susan and Peter Purdy, the American husband and wife team of teachers in Mussoorie received news of this Arlington aid on Christmas Eve and wrote that the gift was like an answer to prayers.

Pan American and United Airline Stewardesses began this teaching program in 1952. These young Americans take two and three months of their vacations and volunteer to work as teachers jeep-drivers and nurses-aids. The Airlines provide their transportation; the girls give their time and the Thomas A. Dooley Foundation pay the expenses with the help of generous Americans.

Mr. and Mrs. Purdy have expanded the program, established a library and encourage Tibetans to carry on their ancient hand-crafts, thus giving these people a way to earn a living. Funds were needed to build a shop and work center.

Dr. Dooley, who died in January, 1951 was called the jungle doctor as he worked in Asia for six years trying to make the wretched, hungry, sick and hopeless people of Asia understand the best of America and American ideals through love and kindness and the mercy of medicine.

Dr. Dooley's ideals are carried on by young people in Arlington who now go back to work and begin to save again for the jeep-trailer dispensary.
